Whistle-Blower Definition: An employee, independent contractor or volunteer who informs a supervisor, the CEO, Associate Executive Director, or President about an activity relating to NACAS which that person believes to be fraudulent or dishonest.

The whistle-blower policy is intended to cover serious concerns that could have a large impact on NACAS. Examples of such conduct include, but are not limited to:

1. Unlawful conduct;
2. Forgery or alteration of documents;
3. Unauthorized alteration or manipulation of computer files; Fraudulent financial reporting;
4. Authorizing or receiving compensation for goods not received or services not performed; and authorizing or receiving compensation for hours not worked.

Staff, Board members, independent contractors and volunteers are encouraged to report suspected fraudulent or dishonest conduct, following the procedures below:

Reporting

A person's concerns about possible fraudulent or dishonest conduct should be reported to their supervisor or, if suspected by a volunteer, to the staff member supporting the volunteer's work. If for any reason a person finds it difficult to do that, the person may report the concerns directly to the CEO, Associate Executive Director, or President. Alternately, to facilitate reporting of suspected violations where the reporter wishes to remain anonymous, a written statement may be submitted to one of the individuals listed above.

Definitions

Baseless Allegations: Allegations made with reckless disregard for their truth or falsity.

People making such allegations may be subject to disciplinary action by NACAS, and/or legal claims by individuals accused of such conduct.

Rights and Responsibilities

All NACAS employees are required to report suspected fraudulent or dishonest conduct to the CEO, Associate Executive Director, or the President.

Reasonable care should be taken in dealing with suspected misconduct to avoid:

- Baseless allegations;
- Premature notice to persons suspected of misconduct and/or disclosure of suspected misconduct to others not involved with the investigation; and
- Violations of a person's rights under law.

Due to the important yet sensitive nature of the suspected violations, effective follow-up is critical. While all

might be appropriately concerned about “getting to the bottom” of such issues, not in any circumstance should staff or volunteers perform any investigative or other follow-up steps on their own. Accordingly, anyone who becomes aware of suspected misconduct:

- Should not contact the person suspected to further investigate the matter or demand restitution.
- Should not discuss the case with attorneys, the media or anyone other than the CEO, Associate Executive Director, or President.
- Should not report the case to an authorized law enforcement officer without first discussing the case with the CEO, Associate Executive Director, or President.

Investigation

All relevant matters, including suspected but unproved matters, will be reviewed and analyzed, with documentation of the complaint. Appropriate corrective action will be taken, if necessary, and findings will be communicated back to the appropriate NACAS officials. Investigations may warrant investigation by an independent person such as auditors and/or attorneys.

Whistle-Blower Protection

NACAS will protect whistle-blowers as defined below.

- NACAS will use its best efforts to protect whistle-blowers against retaliation. Whistle-blowing complaints will be handled with sensitivity, discretion and confidentiality to the extent allowed by the circumstances and the law. Generally, this means that whistle-blower complaints will only be shared with those who have a need to know so that NACAS can conduct an effective investigation, determine what action to take based on the results of any such investigation, and in appropriate cases, with law enforcement personnel. (Should disciplinary or legal action be taken against a person or persons as a result of a whistle-blower complaint, such persons may also have the right to the identity of the whistle-blower.)
- Employees, independent contractors and volunteers of NACAS may not retaliate against a whistle-blower for informing management about an activity which that person believes to be fraudulent or dishonest with the intent or effect of adversely affecting the terms or conditions of the whistle-blower’s employment, including but not limited to, threats of physical harm, loss of job, punitive work assignments, or impact on salary or fees. Whistle-blowers who believe that they have been retaliated against may file a written complaint with the CEO, Associate Executive Director, or President. Any complaint of retaliation will be promptly investigated, and appropriate corrective measures taken if allegations of retaliation are substantiated. This protection from retaliation is not intended to prohibit NACAS from taking action, including disciplinary action, in the usual scope of duties and based on valid performance-related factors.

514– SNOW AND BAD WEATHER PROCEDURES

In order to ensure effective and timely communications related to office operations during snow and inclement weather conditions, the following procedure is to be followed by all NACAS staff:

515– DOCUMENT DESTRUCTION POLICY

NACAS acknowledges its responsibility to preserve information relating to litigation, audits and investigations. The Sarbanes-Oxley Act makes it a crime to alter, cover up, falsify, or destroy any document to prevent its use in an official proceeding. Failure on the part of employees to follow this policy can result in possible civil and criminal sanctions against NACAS and its employees and possible disciplinary action against responsible individuals (up to and including termination of employment). Each employee has an obligation to inform the CEO of a potential or actual litigation, external audit, investigation or similar proceeding involving NACAS, which may have an impact as well on the records retention schedule. It is the policy of the Board of Directors that a site selection process be established for determining future sites of the C3X Annual Conference & Expo.

Administrative Regulations

Administered By: CEO

Regulations:

The following set of criteria is intended for guiding future site selection decisions:

1. Four to five-year advance planning is required for annual meeting locations.
2. Each year at the LTM Board Meeting the Board shall select several prospective sites for consideration in the years ahead.
3. Once consensus has been reached on these sites, the NACAS Staff shall develop an information file on each of these possible meeting sites, distribute a Request for Proposal, and conduct feasibility reviews.
4. The NACAS Staff shall present a final recommendation for the future C3X Annual Conference & Expo location at the Summer Board Meeting for final approval.
5. Once approved, these sites may be used as future locations for Leadership Team Meetings or summer Board meetings in addition to future C3X Annual Conference & Expo sites.

The CEO shall develop a C3X Annual Conference & Expo needs inventory. Information shall include:

1. Dates: late October to third week in November
2. Schedule: sample schedule of the C3X Annual Conference & Expo program

3. Sleeping Room Requirement: should include past five-year history
4. Meal Requirements: include approximate numbers
5. Meeting Room Requirements: General Sessions, Educational Sessions, Pre-and Post-Conference Sessions, and other meetings as needed
6. Exhibit Space Requirements
7. Miscellaneous Information: hospitality suites, registration locations, concessions, etc.

The following criteria should be considered in selecting a location for a C3X Annual Conference & Expo:

5. Proximity of host institutions
6. Consideration of rotating C3X Annual Conferences throughout the four different Regions.
7. The C3X Annual Conference & Expo should be located in Canada at least once every ten years.
8. All site selections must comply with the ADA. (March 1992)

Other important issues:

Additional consideration should be given to the following:

1. Potential Attendee Considerations: In what states and provinces do the largest number of colleges and universities exist?
2. NACAS Member Concentration: In what states and provinces do the largest number of members exist?
3. Membership Penetration: What percentage of the universities in each state/province are NACAS members?
4. Past Meeting History: Where have we held NACAS conferences; where have we committed as of this date for future years; and which cities have historically resulted in high turnout and attendee satisfaction for C3X Annual Conferences.
5. Preference of Members: Feedback from members and Regions should be solicited each year to suggest possible future locations.

Other NACAS Policies related to site selection:

1. Complimentary rooms and meals for meetings of Board Members represent considerable cost savings to the Association. As this is a normal sales expense for hotels, it is a Board policy to accept such gratuities when a hotel is being considered for a C3X Annual Conference & Expo or any other Association Meeting. 4. In addition to reporting committee, region, and Foundation activities to the NACAS Board of Directors, the Committee Chair Council will also serve as a resource to collaborate across NACAS entities and will provide volunteer training and other resources for NACAS volunteers.

802- COMMITTEE GUIDELINES - APPOINTMENT, LENGTH OF SERVICE, REGIONAL REPRESENTATION

Committees

1. The President may appoint Special (or Technical) Committees, in the form of a Committee, a Task Force, or an Advisory Group (12/14/16), at any time in any number for any purpose consistent with realizing or seeking to realize the purpose of the National Association. These committees shall be constituted to a term of relatively short duration to accomplish a single element of research, reporting, or development and are not continuous or Standing Committees.
 - a. Task Force - Task forces are work groups typically comprising experts in specified areas of knowledge or practice. Task forces are small groups of people—and resources—brought together to accomplish a specific objective, with the expectation that the group will disband when the objective has been completed. Whereas committees are typically defined in organizational by-laws, charters, or other formal documents, task forces are created on an “as needed” basis. The impetus for the creation of a task force is often the result of some event, often unexpected or unanticipated, causing the need for an

organization to acquire knowledge as to how to best respond to the event, related events, or to a similar situation.

i. Task Forces will be chaired by an Association member.

b. Advisory Group - An advisory group is a collection of individuals who bring unique knowledge and skills which complement the knowledge and skills of the formal board members to more effectively govern the organization. The advisory group serves to make recommendations and/or provide key information and materials to the designated staff member assigned to the advisory group who then reports to the Committee Chair Council. The advisory group can be standing (or ongoing) or ad hoc (one-time) in nature.

i. Advisory Groups are chaired by a NACAS staff person. (12/14/16)

2. Committees of the Board

The Board will establish committees as deemed appropriate. Committee names and their descriptions will be made available on the NACAS website. The Board established the following guidelines for committees: (May 2019)

1. Committees shall have the following position types:

- a. **Chair:** Any NACAS institutional member is eligible to apply. Chairs shall be selected by the President-Elect, in partnership with the At-Large Member (Volunteer Experience), and with final approval by the NACAS Board of Directors. The exception is for advisory groups which are chaired by NACAS staff.
- b. **Vice Chair:** Any NACAS institutional member is eligible to apply. Vice Chairs shall be selected by the President-Elect, in partnership with the At-Large Member (Volunteer Experience), and with final approval by the NACAS Board of Directors.
- c. **Member At Large:** Any NACAS institutional member is eligible to apply. Members at Large shall be selected by the President-Elect, in partnership with the At-Large Member (Volunteer Experience), and with final approval by the NACAS Board of Directors.
- d. **Regional Members:** Any NACAS institutional member who resides in the designated region is eligible to apply. Regional Members shall be selected by the President-Elect, in partnership with the At-Large Member (Volunteer Experience), and with final approval by the NACAS Board of Directors.
- e. **Regional Representatives:** Any NACAS institutional member who resides in the designated region is eligible to apply. Regional Members shall be selected by the Regional Board of Directors. Regional Representatives are required to liaise between national committee and regional leadership; it is not a requirement that this position serve in an official regional leadership capacity.
- f. **Other Representatives:** NACAS may designate other representatives to serve on committees as appropriate. These representatives are appointed by the NACAS entity they represent, and they are required to liaise between national committee and the other entity.

2. Each committee shall have a chair. The term length for each committee chair is outlined in the attached Appendix A.

3. Each committee (except advisory groups) shall have a vice chair. The term length for each committee vice chair is outlined in the attached Appendix A.

4. Committee member positions shall have term lengths. Term lengths for each committee position are outlined in Appendix A.

5. Committee members will not be eligible to serve more than one term consecutively on any committee unless otherwise required by the Constitution or By-Laws. A committee member, however, can serve a complete term in addition to serving as Chair of the committee.

6. The NACAS Board may establish essential qualifications for committee chair positions, NACAS Board representatives and committee members.

7. The Board will annually review and may edit as necessary the scope and charge of each Standing Committee to ensure the responsiveness of the committee to the needs of the membership.

8. Committee Chairpersons and members will review the charge given by the Association President.

9. The NACAS Board may remove committee chairs or committee members from service if there is reasonable cause to do so.

Administrative Regulations

Administered By: President-Elect

Regulations:

1. The President-Elect, in partnership with the At-Large Member (Volunteer Experience), shall recruit, select and appoint committee members prior to taking office as President. Committee members shall be chosen based on skills required for the committee's work, the individual's ability to commit the time needed to fulfill all expectations of the position, and the individual's passion and interest in the committee's work.

2. NACAS Office will promote an open Call for Volunteers from May through July annually. This promotion will recruit from the entire NACAS membership and shall be an inclusive process.

Regulations

Administered By: Nominating Committee

Nomination Calendar Regulations:

1. The volunteer opportunities shall incorporate the call for nominations for the position of Vice President, and when terms are due to expire, the positions of Treasurer and At-Large Board member(s) to all NACAS

members. The deadline for submission of nominees for each position shall be no later than the 1st Friday of July of each year.

2. Nominations for Vice President shall be announced annually for a one-year term of office. Nominations for Treasurer shall be announced every three years for a three-year term of office. Nominations for two At-Large Board members shall be announced every three years for a three-year term.

3. The names of those nominated will be forwarded to the Chair of the Nominating Committee who will consolidate the names and forward to the Nominating Committee. The Regional representatives on the Nominating Committee shall be responsible for reviewing the list of nominees with their respective Regional Board of Directors after the Summer NACAS board meeting.

- Provide written feedback to the Nominating Committee on the regional involvement (if any) of the nominees, and/or
- Endorse one of the nominees for the position nominated, and/or
- Submit additional name(s) by position of individuals to be considered by the Nominating Committee.

- Verify the nominee's willingness to serve in the position.
- Request and receive a statement of why the individual wishes to serve in the position and why they are qualified.

The Chair shall provide each Nominating committee member with a list of all nominees, with all relevant back-up material no later than the July Summer Board meeting of each year in order to provide a preliminary slate of officers to the Board at the Summer Board meeting.

The Committee shall review each nominee's qualifications and experience with emphasis on previous commitment to NACAS and regional activities, committee involvement, recognized achievements, regional support, personal accomplishments and leadership potential. Because the Board of Directors represents the entire organization, an appropriate "balance" should be considered when considering candidates for open positions. Balance may include small, medium and large campuses, private, public, geographic regions, and other diverse personal characteristics or experience. In the final analysis, however, the qualifications of the candidates are the most important factors.

After appropriate deliberation by the Committee to select qualified candidates, the Chair shall prepare a ballot, not to exceed three names for each vacant position, and distribute it to the Committee for vote. At the conclusion of the voting, the Chair shall prepare a list of nominees (one for each open position) and announce the results at the NACAS August Board of Directors meeting. (10/2004)

Upon receiving the report of the Nominating Committee, the Board of Directors must vote to accept or reject it. If the vote is positive, the approved report is to be transmitted to the CEO. If the vote is negative, the Board must state the reason for the rejection and return it to the Nominating Committee for further deliberation.

Failure to resolve the issue shall be cause for the President to appoint a Special Committee composed of one Board member who is not on the Nominating Committee or directly involved in the issue, one member of the Nominating Committee, and one Regional President. Members of this committee must be appointed from different Regions to prevent multiple representation from one region. This committee shall convene and determine the names of the nominees. The decision of this committee shall be the final recommendation presented to the NACAS membership for approval at the Annual Business Meeting.

In conformance with the By-Laws, the President-Elect shall prepare to assume the office of the President upon election to that office; the Vice President shall be deemed to be the President-Elect for the following year.

The Nominating Committee shall submit to the CEO a slate of candidates 60 days prior to the C3X Annual Conference & Expo. The CEO shall circulate to the membership for their consideration, the slate of candidates 30 days in advance of the C3X Annual Conference & Expo.

At the Annual Business Meeting, the Chair of the Nominating Committee shall provide an opportunity for nominations from the floor for Vice President, and when terms are due to expire for Treasurer and At-Large Member. The Chair of the Nominating Committee shall conduct the election at the Annual Business Meeting, be responsible for certifying the election results, and announcing the winners.

From the By-Laws: The term of the office of the Regional Directors shall be for three years and shall commence upon installation at the C3X Annual Conference & Expo. They are elected into office at their regional conferences.

1007- NACAS TRAVEL AND EXPENSE REIMBURSEMENT (T/ER) POLICY

STATEMENT OF PURPOSE AND RESPONSIBILITIES

This document establishes policies governing the reimbursement of travel, entertainment, and other business

expenses incurred by NACAS Personnel ¹ during the conduct of NACAS business, as well as the issuance and use of credit cards. The purpose of this Policy is to ensure that (a) adequate cost controls are in place, (b) travel and other expenditures are appropriate, and (c) to provide a uniform and consistent approach for the timely reimbursement of authorized expenses. It is the policy of NACAS to reimburse for ordinary, necessary and reasonable expenses when directly related to the transaction of NACAS business.

Directly related expenses are those in which there is the expectation of deriving some current or future benefit for NACAS, the Personnel is actively engaged in a business meeting or activity necessary to the performance of the job duties, or, in the case of entertainment, there is a clear business purpose.

Personnel are expected to exercise prudent business judgment regarding expenses covered by this Policy.

Reimbursement for expenses that are not in compliance with this Policy requires the prior written approval of the NACAS Chief Executive Officer (CEO) and or NACAS Treasurer.

All NACAS Personnel are responsible for complying with this Policy. Submitting expenses that are not in compliance with this policy risk delayed, partial or forfeited reimbursement.

DOCUMENTATION

Requests for reimbursement of business expenses must be submitted on the NACAS Travel & Reimbursement Request forms. Each expense shall be separately identified. Forms shall be dated and signed by the Personnel. While receipts are recommended for all expenses submitted for reimbursement, they are required for all expenses greater than \$25.00. The receipts, specifically those related to meals, must show the itemized costs related to the meal (s). Requests for exceptions to this policy should document extenuating circumstances and be approved by the CEO.

NACAS complies with IRS regulations, which require that all business expenses be substantiated with adequate records. This substantiation must include information relating to:

- (1) the amount of the expenditure;
- (2) the time and place of the expenditure;
- (3) the business purpose of the expenditure; and,
- (4) the names and the business relationships of individuals other than the Personnel for whom the expenditures were made.

Requests for reimbursement lacking complete information will be returned to the requesting Personnel.

APPROVALS

Expense reimbursement, together with the itemized list of all expenses and the required documentation, must be submitted on the NACAS Travel & Reimbursement Form and submitted to the NACAS Office. As appropriate, NACAS staff may have their forms signed by their supervisor in addition to the CEO's signature. The CEO may approve expense reimbursement in the absence of the staff's supervisor.

Supervisors and/or budget managers reviewing expense reports are responsible for ensuring that the expenses reported are proper and reimbursable under this Policy; the expense report has been filled out accurately and has the required documentation; and the expenses are reasonable and necessary.

The CEO must approve all reimbursement requests before NACAS funds are dispersed.

¹ Member, Board of Directors; Volunteer Leaders; NACAS Staff; Independent Contractors; Members of Committees, Task Forces, and Advisory Groups; Award Recipients; Speakers; Member, AC Team; and approved representatives engaged in NACAS business that has an approved budget.

REIMBURSABLE EXPENSES AND LIMITATIONS

The following are reimbursable expenses, as long as they are in compliance with the applicable provisions of this Policy, and are for business purposes:

Air/Rail/Bus/Taxis: Air, rail or bus tickets should be secured as early as possible or at least 14 days in advance. NACAS Personnel should select the lowest available fare, within reason and within travel itinerary needs. Reimbursements for flight costs above \$750 will be subject to the CEO's discretion. Premiums for flight costs, costs for upgrades, and travel insurance are reimbursable on a case by case basis, by CEO's discretion. Generally, booking or travel agent fees are not reimbursable, however, these will be looked at on a case by case basis, given some of the requirements of some campuses when travel is required.

Unavoidable fees associated with changing your itinerary for a business purpose or an emergency are allowable expenses. If change fees are incurred while in travel, documentation must be submitted with the expense reimbursement form. Changes involving additional fees should not be made solely for convenience purposes. Air, rail or bus tickets purchased in advance of the trip that appears on your credit card bill before the trip is taken may be submitted for reimbursement prior to the trip. After the trip, this amount should be referenced on the Expense Reimbursement Form as prepaid.

Reimbursement of travel expense to and from places of business, hotels, airports and/or other transportation stations in connection with business activities shall be based on the most economical form of transportation available. Travelers are encouraged to utilize public transportation whenever feasible and are encouraged to share taxis and or use more economical services (hotel vans, shuttles, etc.) when available.

Personal Auto/Mileage/Parking: Personal cars for out of town business travel may be used, unless another form of travel would be more cost effective. The maximum reimbursement for personal vehicle travel is 500 miles per round trip. Personal vehicle mileage within the staff or volunteer's local area is not reimbursable unless additional mileage above the mileage incurred in their regular commute was required. The use of a personal vehicle for business will be reimbursed at the current US GSA per mile allowance. This mileage allowance covers all auto costs (e.g., gasoline, repairs, insurance, etc.) other than parking and tolls. If a staff member or volunteer is involved in an accident while driving their personal vehicle or their vehicle is otherwise damaged, whether for business or personal purposes, their own insurance is the primary insurance coverage.

If Personnel traveling on official NACAS business wish to drive to a distant city, they will be reimbursed the lesser of the air-related costs or the ground transportation costs. As noted above, the maximum reimbursement for personal vehicle travel is 500 miles per round trip.

On-airport parking is permitted for short business trips. For extended trips, Personnel should use long-term parking lots at the airport or off-airport facilities.

Auto Rental: Auto rental should not be used where other forms of transportation are available and less expensive. For example, hotels often provide shuttle vans or cab service to the airport, which usually cost less than a rental car. Car rentals are restricted to fuel efficient vehicles, including economy vehicles (when traveling alone). SUVs, full size sedans, and other large vehicles are expressly prohibited from reimbursement unless obtained through free upgrades or as required to carry larger groups. When possible, travelers should fill the gas tank just prior to returning a rental car or per rental company instruction to reduce additional fuel charges.

NACAS holds general liability auto insurance coverage on auto rental listed in NACAS' name and used for NACAS business. NACAS will not reimburse for any additional general liability auto insurance provided for rental cars. NACAS' auto insurance policy does not provide coverage for physical damage to the vehicle or personal use. It is recommended that individuals purchase the physical damage waiver through the rental company, which is reimbursable by NACAS.

Lodging: Lodging will be reimbursed for the nights actually required to attend a meeting or complete NACAS business. Additional nights will be at the traveler's personal expense. An itemized bill from the hotel must be submitted to substantiate lodging expenses. Credit card charge slips do not represent adequate supporting documentation. If meals are charged to the hotel room, they will only be reimbursed according to the meal reimbursement guidelines outlined below in #6.

Laundry: Laundry and or dry-cleaning expenses are reimbursable but only during trips in excess of five days.

Meals (Food/Beverage/Tip): Personnel traveling on behalf of NACAS are reimbursed on a per meal basis, according to the Federal US GSA rates, when they actually incur the cost of a meal. Meals will be reimbursed for the travel days required to attend a meeting or to complete NACAS business. Meals paid for or provided by others, such as meals provided as part of a meeting or event, will not be reimbursed unless NACAS personnel conducted other NACAS business during those times. You may be requested to provide a meeting agenda.

If reimbursement is claimed for meals shared by more than one individual, names of the individuals or group must appear on the receipt with justification for the reimbursement.

To submit a meal amount for reimbursement, first determine the location where you will be traveling/working on behalf of NACAS, then look up the location-specific information at www.gsa.gov/perdiem. The allowable meal rate for the travel location will be listed on the table.

Alcoholic beverage purchases are not an allowable expense, nor are they reimbursable, except for the following: When consumed during a business-related entertainment activity, when NACAS business is being conducted, and or a scheduled board/committee activity, such as but not limited to: Taking a current or prospective donor out to dinner; hosting a special meal for corporate business partners; and or holding a personnel interview for a prospective new hire for NACAS.
